Check In/Check Out - Daily Attendance

06/11/2025 9:45 am EDT

This article will walk the user through the attendance Check In and Check Out process within the NCSIS. In order for the process to work correctly, you will need to have an understanding of the total number of minutes in your school day and what number of minutes constitute an absence for the day.

Check In Mode

The Check In Mode marks a student Present if they have already been marked absent for the day. This mode will mark the student present from the time the student arrives and for the rest of the school day. Students **must** have an attendance code of Absent or Tardy (entered by the teacher or main office) in order to be checked in.

> ℹ️ *The 1L excused tardy attendance code is considered an excused tardy and the 2L unexcused tardy attendance code is considered an unexcused tardy.*

Navigation: Attendance Office > Attendance Management > Attendance Entry Wizard

Students with Multiple Entries in a Single Day

There can be multiple check in/check outs for a student in a single day. If the student is checking in or checking out multiple times in one day, you must follow the steps outlined above to record each individual entry.

When a student has multiple check ins, the most recent saved attendance entry code will be displayed for the current period at the time of check in and all periods prior to the check in where an absence has been entered.

All attendance changes are tracked and can be seen on the Attendance Change Tracker Report.
