**Enrollment Roll Forward**

The Enrollment Roll Forward tool assists in the promotion, retention or demotion of currently enrolled students into the next calendar and next grade level.

This tool is safe to run repeatedly. Each student is rolled only once. If a student already has an existing enrollment in the next calendar, that student is not included in the enrollment roll again.

Before using this tool, ensure calendars have been rolled forward using the Calendar Wizard.

NOTE: If you are using School Boundary settings on your households, different logic is used. For more information, [click here](#).

Enrollment Cleanup Wizard ☆

**Enrollment Cleanup Wizard**

The Enrollment Cleanup Wizard contains two distinct modes:

- **Delete Enrollments**  
This mode DELETES enrollments in future calendars for students who have left the school before the end of the year and have not re-enrolled in the same school year, OR who no longer meet the Student Assignment requirements for enrollment in the next school year.
- **Update Enrollments**  
This mode UPDATES attributes and start dates for enrollment records, 9th grade entry dates on graduation records, transportation records, and course section rosters. Enrollments can be updated to the first instructional date of the selected calendar or backdated to a date prior to the first instructional date of the selected calendar. Enrollment attributes in the selected calendar that are marked as "Copies Forward" can also be updated to match previous year values.

**Note:** The Delete mode and Attribute update method of the Update mode only modifies or deletes enrollments that were created using the Enrollment Roll Forward tool. The start date method of the Update mode modifies any enrollment in the selected calendar and student ad hoc regardless of how that enrollment was created.
