

After Last Day of Current Year

02/16/2026 7:41 am EST

Post Grades

- Consider only opening only one term/task grading window at a time to prevent accidental posting errors.
 - [Grading Window | Infinite Campus](https://kb.infinitecampus.com/help/grading-window) (<https://kb.infinitecampus.com/help/grading-window>)
- Verify all student final grades have been posted by teachers.
- Generate the [Grades Report \(Grading and Standards\) | Infinite Campus](https://kb.infinitecampus.com/help/grades-report-grading-and-standards) (<https://kb.infinitecampus.com/help/grades-report-grading-and-standards>) to review missing grades. The same report can be used to review all final grades are per PSU policies.
 - Run this daily during the grading window to ensure grades are posted accurately.

Grades Report ☆

Grades Batch Report

This report will batch print students' grades. There is an option to print the report grouped by student, teacher or course. There is an option to set a page break for each student or course, suitable for handing out. The grades report group by Teacher will always set a page break for each teacher. This is a very complex report, so try to limit the number of students run per batch. Checking the page break option will make the report run faster.

Post Transcript Grades

Student Information > General Student Administration > Transcript Post Wizard

- Be sure grading windows are closed before posting final grades to the transcript.
- Verify that all final grades are posted by teachers prior to posting final grades to the transcript.
- Post student final grades to transcripts using the [Transcript Post Wizard](https://kb.infinitecampus.com/help/transcript-post) (https://kb.infinitecampus.com/help/transcript-post) (if applicable).
- Select all child credit groups when posting transcript grades.
- It is a PSU decision on posting score comments.
- Posting transcript grades can be done multiple times without duplicating or overwriting existing transcript records. Only new transcript grades will be added.

Transcript Post Wizard ☆
Student Information > General Student Administration > Transcript Post Wizard

Post Grades to Transcripts

The Transcript Post tool takes scores from the Grade Book and posts them to the student's transcript. Scores from Grading Tasks or Standards marked as Post to Transcript and associated with a Credit or Standard group will post. There are three posting options:

- Post Courses, Scores, & Credits by Term: used to post scores and credits for any grading task or standard associated with a term or terms.
- Post One-Time Grading Task or Standard: used to post scores and credits for one-time tasks/standards that are scored once and are not associated with a term.
- Post Courses and Scores Only for All Terms: used to post scores only (no credits) for any task or standard.

This tool can be used multiple times without duplicating records, which prevents a score changed by a teacher in their gradebook from affecting a posted transcript record. After the Transcript Post process is complete, any necessary changes to scores need to be manually updated on the student's transcript. Credit information can be added to the records created using the first option and selecting the applicable terms and credit groups.

Retentions at End of Year

Students that will be retained at the end of the school year will need to have their end status and end date updated prior to processing all other students' end enrollment. This process can be done by updating each individual student's current enrollment local end status and end date or can be done by creating Retention ad hoc filter. The sections below provide a guide on creating a Retention Filter and updating the local end status and end date using the filter.

Retention Filter

|

End Retention Enrollments

|

Update Retention End Status

|

Update Future Enrollment

|

Validate Retentions

Create Retention Filter

Create a Retention ad hoc filter to use to complete the end enrollment process with the correct end status for retained students. This can be completed by creating a multi select ad hoc or a selection editor ad hoc.

Use the [Infinite Campus Multi-Select](https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/multi-select) (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/multi-select) article as a guide for how to create a multi select ad hoc filter for retained students.

The Selection Editor ad hoc filter will allow users to select the students from a list.

Filter Designer ☆ Reporting > Ad Hoc Reporting > Filter Designer

Ad Hoc Filter Designer

This wizard will walk you through the creation of a new filter. Filters can be created using the Query wizard, selection editor or a pass-through SQL Query. Ad Hoc Filters can be used as a search, or as input to a report.

Any updates to retentions will need to be manually updated in either filter.

End Retention Enrollments

Students that will be retained must have their enrollments ended prior to the full end enrollment process. Follow the steps below to end retained student's enrollments for the current year.

Before ending current year enrollments, ensure student enrollments have been rolled forward.

Make sure the school context is the current year.

Navigation: Student Information > General Student Administration > Enrollment End Batch Wizard

1. Select the **calendar(s)**
2. Select the **grade levels** that are included in the Retention filter.
3. Select the **Retention** Ad Hoc created earlier.
4. Enter the **last instructional day** of the current school year as the end date.
5. Select **RT: Retained** as the local end status.
 - a. Note: If a specific retention reason code is typically used for all students to document retention information, choose the appropriate retention end status for this step.
6. Click **Run** to end the current year enrollments for Retained students.

Enrollment End Batch Wizard

This tool processes enrollment records for all students in the selected calendars and grade levels at the end of the school year. Enrollment End Dates, Enrollment Statuses and Graduation information, if entered, are applied to all student enrollments that match the entered criteria. Use the Enrollment Roll Forward tool to copy and promote enrollments into the next year's calendar.

Enrollments and Graduation records are only modified if the fields selected to be filled on this editor are blank on the student's Enrollment record and on the student's Graduation tab. If there are Enrollment records or Graduation data that have those fields populated, those records will not be modified (i.e., dropped students). Students who are graduating should be processed separately from other grades in order to have the Graduation values entered. Students who are already marked as Retained or Demoted on their Enrollment records will not be processed by this tool.

If students are assigned academic plans, process the graduating class using the Post Diplomas mode on the Course Plan Admin tool. This applies the correct diploma type based on the student's academic plan, assigns graduation dates and ends enrollment records only for those graduating students.

Select Ad Hoc Student Filter

Retention Students 24-25

Each student in the filter should now have an end date and end status for the current year enrollment. If a student's retained end status is different than RT: Retained, use the steps below to navigate to the student's enrollment tool to update the end status to the appropriate Retention Reason.

Update End Status (if applicable)

After using a default end status code, use the steps below to update an individual student's end status if necessary. For example, if RT: Retained was used as the end status, however the reason for the retention is RACD: Retention-Local-Stds-Acad, then navigate to the individual student's enrollment and update the end status.

Navigation: Student Information > General > Enrollments

- Search for the Retained filter by selecting the **Advanced** button in the student search.
- Select **Filter** to see the list of available filters. Select the **Retention** filter created earlier.
- Click **Search** to select the students in the retained filter.

The screenshots illustrate the process of saving a filter for student records. The first screenshot shows the search interface with 'Student' selected in the 'Type' dropdown. The second screenshot shows the 'Special Ed Disability' dropdown menu with a 'Select Filter' button. The third screenshot shows the 'Saved Filter' dialog for 'Retention Students 24-25' with 'Select Filter', 'Remove Filter', 'Search', 'Reset', and 'Cancel' buttons.

- Select a **student** and click on the **current year enrollment**.
- Update the **local end status** to the retained reason end status.
- Add an **end comment**. (optional)
- Click **Save** to update the current year enrollment.

The screenshot shows the 'Enrollments' page for Olivia Beatty, Student #: 25086, Grade: 1, DOB: 02/19/2018. The page includes a 'Save' button (highlighted in red) and a 'Delete' button. The 'General Enrollment Information' section shows the enrollment ID 652113, calendar 24-25 Madison Elementary, and various enrollment details. The 'Local End Status' dropdown menu is open, showing a list of options including 'RT: Retained', 'RTA: Retention-Local Stds-Acad', and 'RTN: Retention-Local Stds-Atten'. A red arrow points to the 'RTA: Retention-Local Stds-Acad' option.

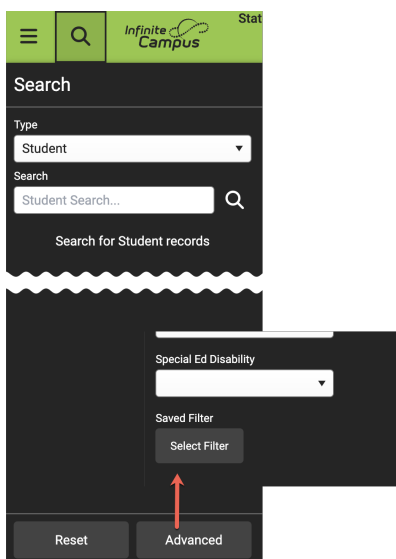

Update Future Enrollment

Students' future enrollments have been created, but the grade level may not be correct. If the student's future year enrollment is in the same calendar, then follow the steps below to update the student's grade level. If the student's future year enrollment is not in a calendar with your tool rights, contact the next school or SIS Coordinator to work on the process to update the future enrollment record with the correct grade level.

| Location of Future Enrollment | Action | Calendar Rights Needed | Tool Rights Needed |
|-------------------------------|--|---------------------------------|----------------------|
| Current School | Change grade level in the enrollment record in the future year | Future year of current school | Enrollments - Write |
| Different School | Delete enrollment record in the future year | Future year of different school | Enrollments - Delete |
| | Create new enrollment record in the future year | Future year of current school | Enrollments - Add |

Navigation: Student Information > General > Enrollments

- Search for the Retained filter by selecting the **Advanced** button in the student search.
- Select **Filter** to see the list of available filters. Select the **Retention** filter created earlier.
- Click **Search** to select the students in the retained filter.

student's end status and end dates. Use the same Retention ad hoc filter to review just the students that were retained. This report can be generated in a CSV format to be opened in a spreadsheet view to filter as needed.

End Enrollments for EOY

Last Instructional Day

Scheduling & Courses > Calendar Setup > Day Setup

- The last day of school should be the actual last day that students were in the building and receiving instruction.
- The instruction checkbox should be marked for the last day.
- This date should also match the end date in the last term for the current year.
- If this date has changed, make sure that School Months have been updated for PMR.

End Enrollments

Student Information > General Student Administration > Enrollment End Batch Wizard

Prior to ending enrollments for the current school year, ensure to roll enrollments forward into the future school year using the Enrollment Roll Forward Wizard (<https://kb.infinitecampus.com/help/enrollment-roll-forward>).

- Make sure to **end graduating students' enrollments** prior to ending all student enrollments (if applicable). See the [Graduation Checklist](https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/graduation-checklist) (<https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/graduation-checklist>) for more information.
- Make sure to **end retention students' enrollments** prior to ending all student enrollments.
- Run the [Enrollment End Batch Wizard](https://kb.infinitecampus.com/help/enrollment-end-batch) (<https://kb.infinitecampus.com/help/enrollment-end-batch>) process to end enrollments for all students. Students with existing end dates and end statuses will not be changed when running this process.
- The End Date should be the **last instructional day** of the calendar.
- Select the **PR: Promoted** as the local end status.
- ECS students who return for another year in grade 12, should have an end date of the **last instructional day** of the calendar, and an **PR: Promoted** local end status. Follow the steps to [Adding an XG Flag](https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/adding-xg-flag) (<https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/adding-xg-flag>) article to add an XG flag. The student should have a future enrollment in grade 12.

End Enrollments in Program Schools

[Student Information](#) > [General Student Administration](#) > [Enrollment End Batch Wizard](#)

Prior to ending enrollments for the current school year, ensure to roll enrollments forward into the future school year using the Enrollment Roll Forward Wizard (<https://kb.infinitecampus.com/help/enrollment-roll-forward>).

- Run the [Enrollment End Batch Wizard](https://kb.infinitecampus.com/help/enrollment-end-batch) (<https://kb.infinitecampus.com/help/enrollment-end-batch>) process to end enrollments for all students. Students with existing end dates and end statuses will not be changed when running this process.
- The End Date should be **06/30/20YY**.
- Select the **PR: Promoted** as the local end status.

Enrollment Cleanup Wizard (<https://kb.infinitecampus.com/help/enrollment-cleanup-wizard>)

[Student Information](#) > [General Student Administration](#) > [Enrollment Cleanup Wizard](#)

- The **Delete** Enrollments calendar selection should be the **current** year calendar.
- The **Update** Enrollments calendar selection should be the **future** year calendar. The student filter should include students

whose future year enrollment should be updated.

- Run the Delete Enrollments selection **weekly** to ensure future enrollments for withdrawn students are deleted in the future year.

Make sure the calendar context is the future year.

End Program Assignments for EOY

End Program Assignments

Student Information > General Student Administration > Federal/State Program Update Wizard

- [Federal/State Program Updater | Infinite Campus](https://kb.infinitecampus.com/help/statefederal-program-updater) (<https://kb.infinitecampus.com/help/statefederal-program-updater>)
- The Homeless and Read to Achieve programs should be ended as of 06/30/20YY.

Programs can be ended in mass using the Federal/State Program Update Wizard:

- Create an Ad Hoc filter to select all students with an open program
- Use the **Edit Participation** option under Ad Hoc Filter
- Check the box under **Include Field** for **End Date**, with a value of 06/30/20YY
- The **Start Date** and **End Date** should include the entire year from 7/1/20YY to 6/30/20YY
- Overwrite Existing Data should NOT be checked for this purpose
- Click **Test** first to verify that the changes will be what is intended
- Click **Edit Records** to actually run the wizard and change records

Federal/State Program Update Wizard ☆

Federal/State Program Updater

The Federal/State Program Updater allows federal or state program participation data to be added or edited using an import file. Federal or state program participation data records can also be added, edited, or deleted using an Ad hoc filter. For programs that allow an Owner to be specified, edit, delete, and overlapping record logic will be limited to records owned by this District or State Edition.

Record Retention

Grading & Standards > Reports > Cumulative Labels

- Print cumulative labels for student files (if applicable).
- The [Cumulative Labels Report](https://kb.infinitecampus.com/help/cumulative-labels-report) (https://kb.infinitecampus.com/help/cumulative-labels-report) only prints student transcript information that also includes credits.

The screenshot shows the 'Cumulative Labels' report generation page. At the top, there's a breadcrumb trail: 'Grading & Standards > Reports > Cumulative Labels'. Below the title, a small text box explains that a Cumulative Label is a large-size mailing label with an entire year's transcript printed on it, which can be attached to a student's file folder as a way of storing a hard copy. It notes that currently, these labels only print transcript entries that have credits listed under Credit Groups, Standard Groups do NOT currently display, and this is a very complex report, so please try to limit the number of students included in each batch. Use form Avery 5163 for the best results.

The main form area has several sections:

- Which students would you like to include in the report?**: Includes a radio button for 'Grade' (selected) and a dropdown menu showing 'KG', '1', and '2'. There is also an 'Add Hoc Filter' button.
- How would you like the report sorted?**: Includes radio buttons for 'Student Name' (selected), 'Grade', and 'Student Number'.
- GPA Calculation**: A dropdown menu showing 'Cumulative GPA'.
- Report Format**: A dropdown menu showing 'PDF'.
- A 'Generate Report' button.

- More information on what is required in a cumulative record can be found here: [Local Public School Units | NC Archives](https://archives.ncdcr.gov/government/local-government-agencies/local-public-school-units) (https://archives.ncdcr.gov/government/local-government-agencies/local-public-school-units)

Locker Assignments (if applicable)

- End locker assignments for the current school year using the [Locker Batch End Wizard](https://kb.infinitecampus.com/help/locker-batch-end-wizard) (https://kb.infinitecampus.com/help/locker-batch-end-wizard).

The screenshot shows the 'Locker Batch End Wizard' interface. At the top, there's a breadcrumb trail: 'School & District Settings > Lockers > Locker Batch End Wizard'. Below the title, a small text box explains that this wizard allows you to batch end or delete locker assignments based on a number of criteria including: Locker Type, Locker Grade Level, Student Grade Level, and Locker Location. You may select any combination of options. Any locker assignments meeting the selected criteria that are active on the effective date entered will be ended or deleted.

The main form area has several sections:

- Locker Type**: A dropdown menu showing 'Locker Type' (selected).
- Locker Grade Levels**: A list of checkboxes for 'TK', 'KG', '1', '2', '3', '4', and 'Lockers without a grade level specification'. All are checked.
- Student Grade Levels**: A list of checkboxes for 'TK', 'KG', '1', '2', '3', and '4'. All are checked.
- Locker Location**: A list of checkboxes for '1st floor, gym side', '2nd floor, gym side', '2nd floor, HHS', '2nd floor, middle', '2nd floor, ms wing', '2nd floor, ms wing top locker', and 'Breakroom'. All are checked.
- Ad Hoc Filter**: A dropdown menu showing 'Ad Hoc Filter' (selected).
- End Date**: A date input field.
- Locker Effective Date**: A date input field.
- Overwrite Existing End Dates**: A checkbox.
- End Locker Assignments**: A button.
- Delete Locker Assignments**: A button.

Scheduling for Future Year
