

# Athletic Teams

05/28/2025 12:48 pm EDT

There are a few different ways teams can be managed in NCSIS. The following article will provide a few options for managing teams.

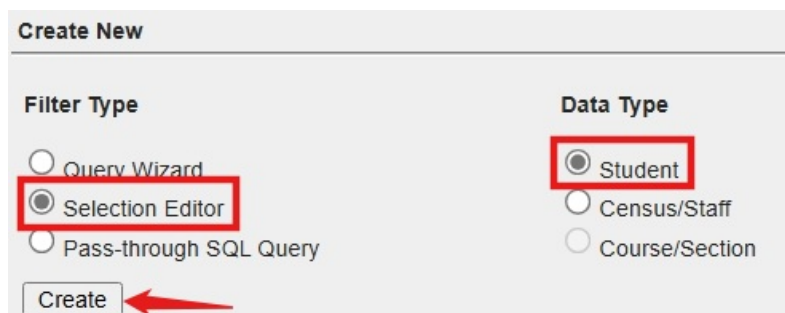

[Team Ad Hoc Filters](#) | [Team Activity Courses](#) | [Team Programs](#)

## Ad Hoc Filters

This option uses the ad hoc filter selection editor to select individual students. This option does not assign any information to the student's record, only provides a way for staff to search and select students included in the team filter. One filter per team will need to be created.

**Navigation:** [Reporting](#) > [Ad Hoc Reporting](#) > [Filter Designer](#)

1. Select **Selection Editor** as the Filter Type.
2. Select **Student** as the Data Type.
3. Click **Create** to begin.

**Create New**

<p><b>Filter Type</b></p> <p><input type="radio"/> Query Wizard</p> <p><input checked="" type="radio"/> <b>Selection Editor</b></p> <p><input type="radio"/> Pass-through SQL Query</p>	<p><b>Data Type</b></p> <p><input checked="" type="radio"/> <b>Student</b></p> <p><input type="radio"/> Census/Staff</p> <p><input type="radio"/> Course/Section</p>
---	--

4. Add the **Team Name** in the Selection Editor. TIP: Include the year and school initials in the name or short description to maintain the selection even after the year has ended.

5. Use the Quick Search section to filter to a grade, enter names, or change the sort.
6. Select each **student** and click the **arrow** to move the student to the selected students list.
7. Select a user group for other users to have access or save to the user account.
8. Click **Save** once all students are added to the selection.

Once the filter is created, use the Edit option to add or remove students. This filter is available to the users connected to the user group and can be used in various tools in NCSIS, such as student search and attendance entry wizard.

## Activity Courses

This option uses courses and periods to assign students to rosters for the corresponding team. The setup for this option includes having an activity code for a course, an activity period in the period schedule, a non-reporting course and section for the team, section staff, and scheduling students in sections. This option will assign students to the course which will be visible in the parent and student portal.

## Activity Setup

An activity of AT Athletic will need to be added to the Activity Core Attribute/Dictionary to define the course as an activity. This is used for the Activity tool in NCSIS.

**Navigation: System Settings > Custom Data and Links > Core/Attribute Dictionary**

1. Locate **Course** in the list.
2. Click the + to expand the details.
3. Locate **Activity** in the list.
4. Click the + to expand the details.
5. Click on **Dictionary** to open the activity dictionary detail.
6. Enter **AT** as the.
7. Enter **Athletic** as the name.
8. Click **Save** to update the dictionary.

## Period Setup

A non-instructional period will be needed to schedule the non-reporting course.

**Navigation: Scheduling & Courses > Calendar Setup > Period Setup**

1. Select the **period schedule** in period setup.
2. Click **Add Period**.
3. Add a **name** and **sequence** to the period. The name and sequence will vary per PSU.
4. Check **Non-Instructional** to ensure the period is not included in instructional time for the school day.
5. Click **Save Period Schedules** to update.
6. Ensure each period schedule includes the non-instructional period.

## Course Master Setup

A non-reporting course will be needed. PSUs can decide the best option for courses that will fit the needs of their PSU. A few examples are:

- One course for all athletics. Each section can have the teacher display field updated to the designated team.
- One course per team. If a course master does not exist for a "team" a copy of the 99359X0 course master should be created.

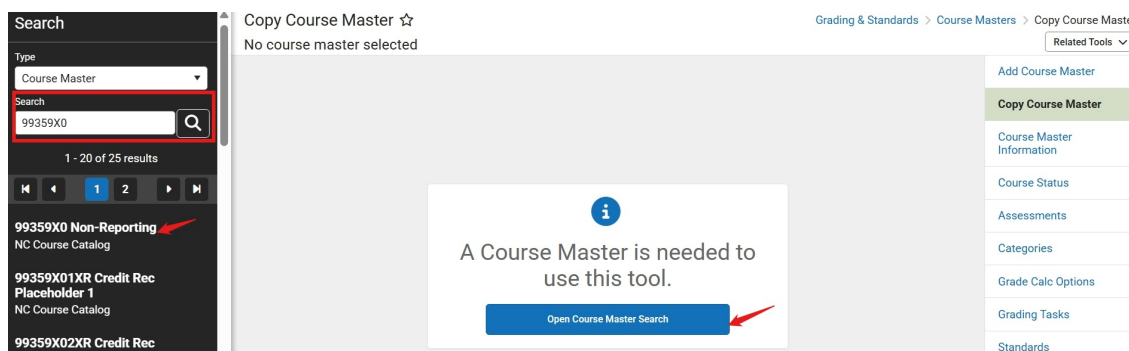

Once the course master is created, the course will need to be added to each school that will use the course to manage teams.

## Copy Course Master

**Navigation: Grading & Standards > Course Masters > Copy Course Master**

1. Search for the **99359X0 Non-Reporting** course master. If a course master is not selected, click **Open Course Master Search** to search for the course master. If a course master was already selected, the copy course master tool will open automatically.

2. Select the **99359X0 Non-Reporting** course master from the search menu.

3. Update the **Course Master Name** to be the athletic team's name. Example: Men's Varsity Basketball.
  - a. If the PSU will have one course master for all teams, update the name to be more generic.
  - b. If the PSU will have one course master for each athletic team, update the name to the corresponding athletic team.
4. Update the **Course Master Number** to include the last 3 digits that reflect the PSUs local course code procedure. Example: 99359X0MBB or 99359X0AT
5. Use the **Add** option to create more than one course master if needed.
6. Click **Save** once course master(s) are created.

## Update Course Master Information

Once the course master(s) are created, navigate to the Course Master Information Screen to select the activity.

**Navigation: Grading & Standards > Course Masters > Course Master Information.**

- Locate the **Course Setup** section in course information.
- Select **AT: Athletic** from the Activity dropdown menu.
  - Update any other course information as needed. The transcript checkbox can be unchecked as this will not be a course that will ever have a final grade.
- Click **Save** to update the course information.

## Add Course to School

Once the course master(s) are created and the activity added to course information, navigate to the school calendar that will be using the courses to add the course.

### Navigation: *Scheduling & Courses > Courses > Add Course*

1. Search for the **99359X0 Non-Reporting** course master(s) that were just created.
2. Check the **box** next to each course to be add to the school.
3. Click **Add** and then **Continue** to add the course to the school.

**Add Course** ☆ Scheduling & Courses > Courses > Add Course Related Tools ^

Your district has defined a district-wide Course Catalog for your school to use. To create a Course, you must choose a pre-defined Course Master record and link it into your Schedule. If you want to create a course that does not exist in the Catalog, speak with your district administration.

## Create Sections

Once courses are added to the school, sections will need to be created.

### Navigation: *Scheduling & Courses > Courses > Course Sections > Add a Section*

1. Search for the **99359X0** course(s) that were just added. If a course is not selected, click **Open Course Search** to search for the course. If a course was already selected, the course sections tool will open automatically.

2. Select the correct **99359X0** course from the search menu.

3. Click **Add a Section**.

## Course Sections ☆

Create Section

8. *OPTIONAL*: Use **Related Tools** to navigate to **Section Staff History**. \*NOTE: Check with third party programs for any issues related to sections without primary teachers.
9. *OPTIONAL*: Add a **Primary teacher** to the section. This can be a coach or athletic director based on your PSUs procedures.
  - a. The tool rights associated to the staff will allow the staff member to see those students assigned to this section.
10. *OPTIONAL*: Click **Save** to update the primary teacher.

## Add Individual Students to Sections

Once sections have been created for each team, students can be added. This can be done by using Walk-in Scheduler for individual students or Requests & Rosters to add multiple students.

**Navigation:** *Student Information > General > Schedule > Walk-in Scheduler*

**Select a Student:** If a student is not selected, click **Open Student Search** tool to search by the student's name. Search for student's using advanced searches or Ad Hoc Filters as needed. Select the student's name to open the Walk-in Scheduler tool. If a student was already selected, the Walk-in Scheduler tool will open automatically.

A Person is needed to use this tool.

Open Person Search

Or

Open Student Search

Open Household Search

Open Staff Search

1. Click on the **No Scheduled Course** box in the non-instructional period to search for all available team sections. The Search feature can also be used to search by the course code or name.
2. Select the **course/section** to add the team to the student's schedule.
3. If the student will be in the section the full term, no effective date is needed. If the effective date is after the section started, enter the correct effective date.
4. Click **Save** to add the section to the student's schedule.

## Program Setup

Create a student athlete program.

**Navigation:** *Student Information > Program Administration > Program Setup*

- Click **New** to add the new program.
- Enter the **Student Athlete** in the name.
- The **Active** checkbox should be checked
- Add a Code of **alertATHLE**.
- This program can be set as **District Wide** by checking the checkbox. When adding program sessions, the location can be used to determine which school.
  - If the district wide box is not checked, click in the Schools area and select one or more schools where the program will be used.
- Add in the description **Student Athlete**.
- Choose **AT: Athletics** from the category dropdown.
- The State Reported box should be unchecked.
- Check the box for **Sessions**.
- Click **Save** to add the program.

## Program Session Setup

Create a program sessions for each athletic team.

**Navigation:** Student Information > Program Administration > Program Sessions Setup

1. Click **New** to add a new program session.
2. Select **Student Athlete** from the program dropdown menu.
3. Enter the **Start Date** of the program session. The start date can reflect when the team will occur in the school year or can be set to 7/1/20YY.
4. Leave the **End Date** unpopulated to allow the session to be used in any year.
5. Enter the **name** of the program session. Each PSU can decide a naming convention for each athletic team. It is recommended to include the school initials so users will be able to select the correct team. Examples: MHS Women's Varsity Basketball, MHS Basketball Varsity Women's
6. Select the corresponding **Occurrence** for the athletic team season, FA, WT, SP.
7. Select a **Frequency** that corresponds to the athletic team.
8. Select a **Location** (school) that corresponds to the athletic team. If more than one school has the same team, one program session for each school will be needed.
9. Add an **Instructor** (coach) - *Optional*
  - a. This does not need to be a staff person; it can be anyone available for selection in Census.
10. Select **S: School** from the Hosted dropdown menu.
11. Any fields not included above are optional and do not need to be completed.
12. Click **Save** to add the athletic team program.
13. Complete the steps above for each athletic team needed for each school location.

## Flag Setup (Optional)

A flag can be created to be added to student's based on the student athlete program.

**Navigation: Student Information > Program Administration > Flags Setup**

1. Click **New** to add a new flag.
2. Enter a **name** for the flag. Example: Athletics or Athlete
3. Add the same code used for the Student Athlete program, **alertATHLE**
4. Check the **Active** checkbox.
5. Enter a **description**. Example: Student Athlete.
6. Check the **Flagged** checkbox.
7. Select a flag **image**.
8. Select a flag **color**.
9. Click **Save** to add the flag.

## Flags Setup ☆

The screenshot shows the 'Flags Setup' interface. On the left is a 'Flags Editor' table with columns for Name, Code, and Flag. It lists various flags like 504, AIG, CCRG Math, etc. At the top of this table are 'Save' and 'New' buttons. On the right is the 'Flags Detail' form for the 'Athletics' flag. This form includes fields for Name, Code (alertATHLE), and Description (Student Athlete). It also has checkboxes for 'Active', 'State Reported', 'Flagged', 'Contact', 'POS Display', and 'Special Ed'. A 'Flag Image' section shows a grid of icons, with a red arrow pointing to the 'Flagged' checkbox. A 'Flag Color' selector shows a blue square, and a 'Flag Preview' shows a running figure icon.

Name	Code	Flag
504	NCDPI504

## Assign Program Sessions to Individual Students

Once the program sessions are created, students can be assigned to the programs and if the PSU is using flags, assign flags.

### Assign Programs

#### Navigation: Student Information > General > Programs

1. Click **New** to add a new program session.
2. Select **Student Athlete** from the program dropdown menu.
3. Select the correct **Program Session** (athletic team) from the dropdown menu.
4. Enter a **Start Date**. The start date can reflect when the team will occur in the school year or can be set to the first day of the school year.
5. Enter an **End Date**. The end date can reflect when the team will end in the school year or can be set to the last day of the school year.
6. Click **Save** to add the program session to the student.

## Assign Athletic Flag to Multiple Students (Optional)

The Flag can also be added in mass. TIP: Assigning the flag directly after the program, will retain the student selection when using Batch Add.

**Navigation: Student Information > Program Administration > Batch Program Assignment Wizard**

1. Select **Flag** from the type dropdown.
2. Select Athletics (or the flag name used for athletics) from the program dropdown.
3. Enter a **Start Date**. This date should be the same as the program start date.
4. Enter an **End Date**. This date should be the same as the program end date.
5. Select **Batch Add** to select the students to include. NOTE: If performing this process directly after assigning the program, the student selection should be the same. If the student selection is correct, skip to step 7.
6. Click a **student name** and then the right arrow to add the student to the selection.
7. Click **Update** to add the program to the selected students.
