Verify Census Information

Navigation: Census > Reports > Census Verification Report

Census data should be verified continuously for accuracy. When verifying census data, check the following:

- Students are in a household with the correct contacts/siblings
- Students should have only one primary household. All other households should be secondary
- Each household has an address (or addresses) marked as physical and mailing
- Relationships are correct
- Guardian is correctly marked
- At least one person in the household has mailing checked
- Emergency priority is set

Census Data Validation

The following validation reports can be used to identify issues with the census data related to each student.

(NC) Census Household Cleanup Report

- Provides a summary of all students and their household information along with reports listing missing or incomplete household data.
- See (NC) Census Household Cleanup Report (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/census-clean-up) for directions on how audit and correct the information.

Census Rules

- Provides missing and incomplete household data for students.
