Census Resources

Adding Staff

Use Staff Locator; create/update staff demographics, assignments, and accounts.

Advanced Person Search

Search person records with multiple criteria; save filters and reuse in Ad Hoc.

Modifying Households

Edit household members, relationships, and associated details as needed.

Update Household Address

Steps to add or change household addresses and verify correctness.

Census Clean-Up

Use the Data Validation report to find and resolve household issues.

Census Verification

Continuously verify households, contacts, and addresses for accuracy.

Deceased Person Information

Record and update SIS records for deceased persons.
