Preschool in NCSIS

01/31/2026 2:55 pm EST

All Preschool (pre-K) students (children under the age of 6 and not kindergarten age-eligible) must be enrolled in the NC Student Information System using standardized processes to ensure accurate data collection and reporting including, but not limited to, the following federal requirements:

1. the number and percentage of preschool children served by NC that are funded by Title I (ESEA),

2. the number of days/hours enrolled in a public school setting (IDEA), and

3. the significant disproportionality in identification and disciplinary actions for students ages 3 - 21 (IDEA).

Under **G.S. 115C-107.3 (Child Find)** (https://www.ncleg.gov/EnactedLegislation/Statutes/HTML/BySection/Chapter_115C/GS_115C-107.3.html), PSUs must *identify, locate, and evaluate* all children ages **3−21** who may have disabilities. The Child Find census is taken annually and must include both children **identified** and **suspected** of having disabilities. ECATS is the program by which children are evaluated and cannot pull a student record unless the child exists in the SIS with a **UID**, **name**, **date of birth**, **sex**, and **race/ethnicity**.

IDEA Child Find

Compliance with IDEA and NC child find requirements includes meeting specific timelines for eligibility determination and, if eligible, the implementation of an Individualized Education Program (IEP). Additional requirements outside of the exceptional children written referral requirements may not be implemented in a way that causes delays in the child find process, violates federal and/or state policies or may be perceived as creating additional requirements for accessing the eligibility determination process and/or ensuring accurate reporting (NC 1503-2). While program or school enrollment may require specific documentation, no information beyond federally allowable child find information (child's name, date of birth, and parent contact information) may be required to enter a child in the NCSIS for child find purposes. The request of additional items for enrollment cannot delay the process of entering a child's record in the NCSIS for child find purposes.

Preschool Enrollment

> **IMPORTANT: The UID system must be used to search for an existing UID for all entering pre-K students to avoid duplicate accounts.**

Pre-K Classrooms in NC Public Schools

All students attending a public-school setting (with a school number 300 or above) must be enrolled in the home school, including pre-K students. This includes pre-K students served through a CTE early childhood program. If the school does not have the pre-K grade in EDDIE, but has pre-K students to enroll, the pre-K grade levels must be assigned to that school in EDDIE. Public LEA and School numbers are assigned by the NCDPI Division of School Business Services. Information about requesting an LEA or School number can be found on the NCDPI website (https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/demographics-and-finances/student-accounting-data). Please refer to the Preschool Grade Levels (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/preschool-grade-levels) section for further guidance.

Pre-K Centers Operated by NC Public Schools

All students attending a PSU operated pre-K center that does not have a school number above 300 must be enrolled in the school where the teacher is assigned. If that school does not have the pre-K grade in EDDIE, the pre-K grade must be added.

Others

All pre-K students in a non-public school environment (non-public school/location), and who are referred to or are receiving services, must be assigned to the "program calendar" which is delivering the service. These program calendars are located in the NCDPI school, and the calendar numbers are as follows:

- OEC*: 292
- LEP: 293
- OMP: 294
- OHP: 297

*Note that if a pre-K student is enrolled in the OEC school and another program(s), the student should be enrolled in OEC 292 calendar, and the other programs must be indicated as a program.

Demographic Information

All current enrollment fields will apply to pre-K students. **The UID system must be used to search for an existing UID for all entering pre-K students to avoid duplicate accounts.** This will also ensure the alignment of data collection and will provide the required race and sex data.

Follow the steps for enrollment per your PSU guidelines and using the Priority Student Entry Checklist (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/prioritystudententrychecklist) article.

Preschool Grade Levels

Preschool Grade Levels

Pre-K students should be placed in the appropriate grade level based on their birth date.

Grade level is selected in the enrollment tool at the time of enrollment. If the pre-K grade levels are not displaying at the school, they must be added to the school at the Local Education Agency (LEA) Office level in EDDIE.

> **Important:** The steps below must be performed in EDDIE, by the designated EDDIE personnel at your school or LEA. Contact your EDDIE subscribed user(s) to update EDDIE. These changes cannot be made directly in the Student Information System because the fields are locked by EDDIE.

Once the changes are completed in EDDIE, it will be automatically synced and reflected in the SIS within two days.

Edit Grade Levels in EDDIE

1. Access EDDIE located under https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/demographics-and-finances/eddie with your assigned EDDIE access credentials.

2. Under selection Options, locate the school district from the LEA Name drop-down menu and click Go or press Enter.

3. At the **PSU Identifier Information** field, click S**chool List.**

4. Click the appropriate school number under the **School Code** column.

5. Under **Grade Levels,** check the appropriate grade levels for the school and click **Apply Changes.** Refer to the Birth Date Ranges table listed below.

Once the changes are completed in EDDIE, it will be automatically synced and reflected in the SIS within two days.

Birth Date Ranges for Current Year - Next year for e.g.: 2025-26

Eddie	SIS Grade Level	Student's Age	Birth Date Range		Example
			From	**To**	
P0	IT	<1	September 1st of Current Year	August 31st of Next Year	9/1/25-8/31/26
P1	IT	1	Birth Date minus 1 year	Birth Date minus 1 year	9/1/24-8/31/25

Eddie	SIS Grade Level	Student's Age	Birth Date Range		Example
			From	To	
P2	IT	2	Birth Date minus 2 years	Birth Date minus 2 years	9/1/23-8/31/24
P3	PR	3	Birth Date minus 3 years	Birth Date minus 3 years	9/1/22-8/31/23
PK	PK	4	Birth Date minus 4 years	Birth Date minus 4 years	9/1/21-8/31/22
KG	KG	5	Birth Date minus 5 years	Birth Date minus 5 years	9/1/20-8/31/21

Early Learning Program

Preschool Student Programs

Early Learning Program

All Preschool (pre-K) students (children under the age of 6 and not kindergarten age-eligible) must be enrolled in the NCSIS using standardized processes to ensure accurate data collection and reporting including, but not limited to, the following federal requirements:

1. the number and percentage of preschool children served by NC that are funded by Title I (ESEA),

2. the number of days/hours enrolled in a public school setting (IDEA), and

3. the significant disproportionality in identification and disciplinary actions for students ages 3 - 21 (IDEA).

In addition, these students must be enrolled into a student program in the NCSIS. Select all program types that apply. All program types providing pre-K services must be included. For example, a student's regular education program may be the NC Pre-K program, and the child may also receive services from the EC program or dually enrolled in Title I Preschool. If all of the program types are not known for pre-K students, please contact the PSU pre-K Coordinator for assistance. Choices may include:
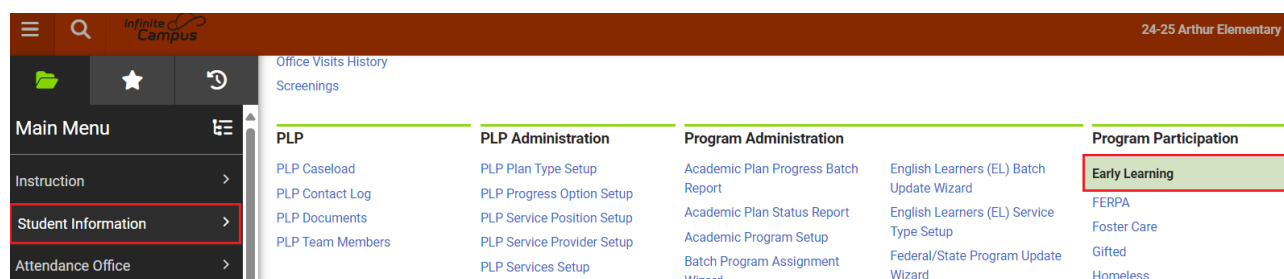

- NC Pre-K

- Title I

- Head Start

- Early Head Start

- Exceptional Children

- Exceptional Children Itinerant

- Childcare Subsidy

- Local Government

- Fee-Based

- CTE Preschool

Preschool Scheduling

Preschool Scheduling

It is our professional obligation to ensure that preschool data is current, valid, and reliable to best support and advocate for our state preschool/prekindergarten programs. This will require consistency in the way we create student records in the Student

Information System (SIS).

To support consistency in the data, DPI has created two new course codes for Preschool.

- 99329P0 - Activity Period/Home Room
- 99359P0 - Non-Reporting

Beginning in the 2023-2024 schools year, each preschool/prekindergarten teacher should be assigned a Home Room course code (99329P0 - Activity Period/Home Room) and their students should be enrolled in their teacher's Home Room course code.

Course Code	Course Name	Suggested Use
10382P0	English As A Secd Lang Pre-K ESL	ESL Course
96132P0	Pre-K Classroom Pre-K Misc	Scheduling time of "core" classroom courses
99322P0	Pre-K Classroom Pre-k Misc	Scheduling time of "core" classroom courses
99329P0	Activity Period/Home Room	All Pre-K students should be enrolled in 99329PO
99359P0	Pre-K Classroom	Scheduling time of Specials (ex. Music, Art, PE, etc.)

Eventually data integration with vendors to automatically roster teachers and students will be possible once the use of these new course codes is in place and used consistently for all public school preschool/prekindergarten classrooms.

Preschool Attendance

Preschool Attendance

Pre-K students are not included in Average Daily Membership calculations. Students admitted and registered in the SIS as MST1 in grade level pre-K are reported on the Principal's Monthly Report in a manner that excludes them from any calculations and totals. Students in grade levels IT, PR, PK will also be MST1 and will not be included in Average Daily Membership. The totals for IT, PR, and PK will be grouped under the pre-K totals on the PMR.

Public Schools must track daily attendance for all enrolled pre-K students. These do not include children enrolled in "itinerant" or "service provider location" programs (IEP settings). Pre-K students may have various attendance plans based on the program types they are enrolled in. Please note that the 10-day and no-show attendance rules do not apply to Pre-K students.

Head Start Programs

If the PSU is the Head Start grantee or contracts with a Head Start grantee to directly provide the early childhood classroom

setting, the enrolled pre-K students must be included in attendance reporting. The Head Start Collaboration Office can share a PSU Head Start grantee list as needed. PSUs that house Head Start classrooms through facilities agreements, but do not provide direct early childhood education services, must enroll the pre-K students in the SIS and identify the program demographics only.

Use the 1X — Nonobligatory Attendance Code

On days students **Are Not** expected to attend their pre-K program, use attendance code 1X: Nonobligatory. This code is available in all SIS instances as an Excused Absence code. The SIS will automatically calculate the attendance information necessary for state and Federal reporting.

Preschool Discipline

Preschool Discipline

Discipline reporting for pre-K students works the same way as it does for students in grades K-13 and must be submitted to NCDPI in the SIS by the required timeframes. Please refer to the preschool section of the North Carolina Discipline Data Reporting Procedures guide (https://www.dpi.nc.gov/data-reports/discipline-alp-and-dropout-data) for additional information.

Please direct programmatic questions to the appropriate program consultant (e.g., Preschool Exceptional Children, Head Start or Preschool Title I).
