# Title VI Affiliation Ad Hoc

04/04/2026 10:55 am EDT
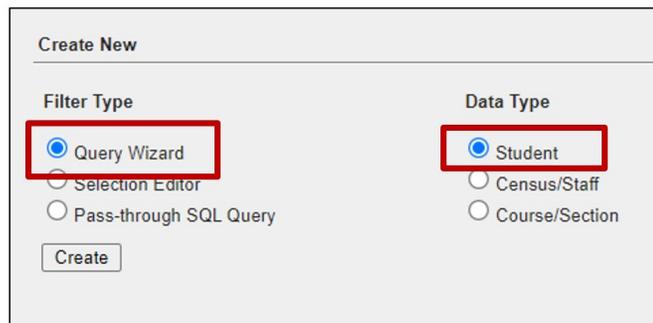

This article will assist users with creating an Ad Hoc Report using the Filter Designer to select students Title VI Affiliation information.

Navigation: Menu > Reporting > Ad Hoc Report > Filter Designer

- Open the **Filter Designer** in Infinite Campus.

- Under the *Create New* section, choose *Query Wizard* for the Filter Type and *Student* for the Data Type.
- Click **Create**

- Add **"Title VI Affiliation"** in the Query Name field.
- Provide a description of the query to help users identify the information included in the query.
- Choose the **fields** listed below. More fields can be added as needed for local PSU information.

Pathway	Field
Student > Demographics	StateID
Student > Demographics	legalFirstName
Student > Demographics	legalLastName
Student > Demographics	grade
Student > Demographics	raceEthnicity
Student > Demographics	hispanicEthnicity
Student > Demographics	raceEthinicityFed
Student > Demographics	activeToday
Student > School	number
Student > School	name
Student > Demographics	tribalEnrollment
Student > Learner > Title VI	tribalAffiliation
Student > Learner > Title VI	indianIDNumber
Student > Learner > Title VI	title6ID
Student > Learner > Title VI	title6startDate

- Click **Next** to navigate to **Filter Parameters.**
- Optional: Click the ✕ to remove all fields except *title6.StartDate.*
- Set the title6.startDate operator to *IS NOT NULL.*

- Click *Save* or *Save and Test*
    - *Save and Test* will give a view of your output to confirm the output includes data as expected.
- Click **Next** to navigate to **Output Formatting**.
- Uncheck the following fields from the output
    - **student.activeToday**
    - **title6.title5ID**

Field	Output
student.stateID	☑
student.legalFirstName	☑
student.legalLastName	☑
student.grade	☑
student.raceEthnicity	☑
student.hispanicEthnicity	☑
student.raceEthnicityFed	☑
student.activeToday	☐
sch.number	☑
sch.name	☑
student.tribalEnrollment	☑
title6.indianIDNumber	☑
title6.title6ID	☐
title6.startDate	☑
title6.tribalAffiliation	☑

Check or uncheck fields as necessary.

- Enter a **Sequence** order for the columns to appear for the output.
- Add **Column Headers** as needed.

Field	Output	Seq	Sort	Direction	Column Header	Alignment	Formatting	Length
student.stateID	☑	3		˅	State ID	˅	˅	
student.legalFirstName	☑	4		˅	First Name	˅	˅	
student.legalLastName	☑	5		˅	Last Name	˅	˅	
student.grade	☑	6		˅	Grade	˅	˅	
student.raceEthnicity	☑	7		˅	Race	˅	˅	
student.hispanicEthnicity	☑	8		˅	Ethnicity	˅	˅	
student.raceEthnicityFed	☑	9		˅	Fed Ethnicity	˅	˅	
student.activeToday	☐			˅		˅	˅	
sch.number	☑	2		˅	School Number	˅	˅	
sch.name	☑	1		˅	School Name	˅	˅	
student.tribalEnrollment	☑	11		˅	Tribal Enrollment	˅	˅	
title6.indianIDNumber	☑	10		˅	Tribal ID Number	˅	˅	
title6.title6ID	☐			˅		˅	˅	
title6.startDate	☑	13		˅	Tribal Program Start D	˅	˅	
title6.tribalAffiliation	☑	12		˅	Tribal Affiliation	˅	˅	

Add Sequence and Column Headers as needed.

By default, Ad Hoc filters are saved to User Accounts. Once the Ad Hoc is created, save a copy to User Groups that may need access to the filter.

Additional Filter Options

Copy the above ad hoc filter and adjust the filter options to review other information.

Example 1: Filter for Students with Tribal Enrollment field values but no Title VI program.

Adjust the filter to **student.tribalEnrollment IS NOT NULL** and **title6startDate IS NULL**.

Example 2: Filter for Active Students with a Title VI program.

Adjust the filter to **student.activeToday = TRUE** and **title6.startDate IS NOT NULL**.
