

Create Future Year

09/25/2026 2:48 pm EDT

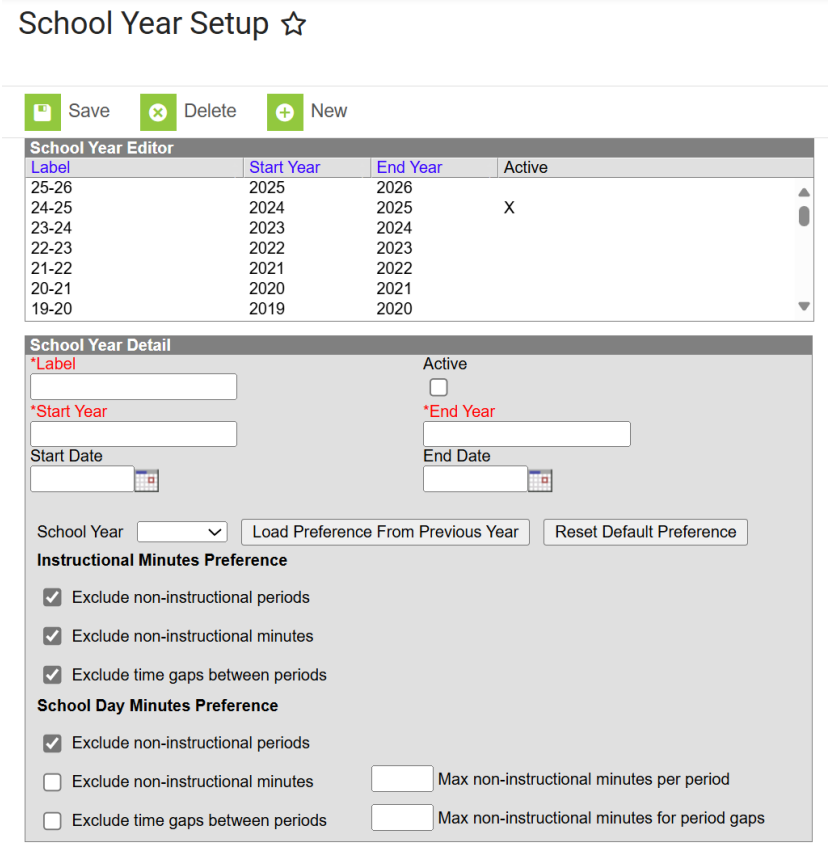

Create Future School Year

The school year is required to create calendars for current year and future calendars. Must be completed prior to April 1st each year.

Scheduling & Courses > Calendar Setup > School Year Setup

- Use the Infinite Campus article School Year Setup | Infinite Campus (https://kb.infinitecampus.com/help/school-year-setup) for more information on the process.
- The Label should be **YY-YY** (Ex: 25-26)
- Start Date should be **07/01/20yy**.
- End Date should be **06/30/20yy**.

Do not set the future year as active until all EOY tasks are complete. Active year must be changed by July 1st each year.

You've completed this section.

Choose where to go next.

← Return to End of Year Overview

Continue to Create Calendar Option A →
