Recommended Action

W4 Withdrawal Code Is Correct

If the student completed the formal instructional program before the end of the school year calendar and the enrollment information is accurate:

- Confirm that **W4** is the appropriate Local End Status.
- Confirm that the **End Date** accurately reflects the student's completion.
- Confirm that the student's **Grade** is accurate.
- No correction is needed.

Note: A student appearing in INFO-04 does not indicate an error. This validation provides an opportunity to verify that the W4 withdrawal accurately reflects the student's completion status.

Enrollment Information Is Incorrect

If the Grade, End Date, or Local End Status does not accurately reflect the student's enrollment or completion:

- Review the documentation supporting the student's enrollment and completion status.
- Refer to the [SASA Manual](https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/student-accounting#SchoolAttendanceandStudentAccountingManualSASA-1394) (https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/student-accounting#SchoolAttendanceandStudentAccountingManualSASA-1394) to determine the appropriate Withdrawal Code.
- Determine which enrollment information requires correction.
- Correct the inaccurate information.
- Select **Save**.

Important: Do not change an accurate W4 withdrawal only to remove the student from INFO-04.

Verify the Review or Correction

If the W4 withdrawal is correct:

- Confirm that the student's enrollment and completion information has been reviewed.
- No additional action is needed.
- Continue reviewing any remaining info validation results.

If a correction was made:

- Rerun the applicable PMR INFO Validations.
- Confirm that the validation result reflects the corrected enrollment information.
- Continue reviewing any remaining info validation results.
