# RPC02 - Possible Missing XG

11/15/2026 11:16 am EST

## Summary

**RPC02 - Possible Missing XG** lists students with a Graduated With Certificate (GWC) diploma type and an enrollment at the same school in the following school year, but no XG flag was found for the reporting year or following year.

The warning means the student's record needs review; it does not confirm that an XG record is missing. The report displays this warning when it finds a graduated With Certificate (GWC) credential (diploma type), an enrollment at the same school in the following year, and no XG flag for either the reporting year or the following year. Check the credential (diploma type), enrollment, and XG records before making a change.

When this condition is flagged, the final progression outcome is **Review** until the issue is resolved

## Recommended Actions

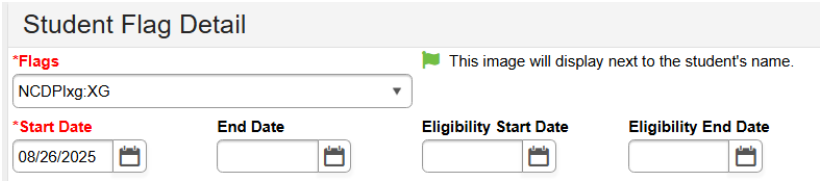

- Confirm that the student, reporting school, and reporting year.
- Review stateGrade, cyStateGrade, diplomaDate, diplomaType, and outcomeReviewReason.
- Open *Menu > Select Student > Student Information > General > Graduation.* Confirm that the diploma date and type match the student's records. Before correcting any Graduation information, contact the PSU's Accountability department for guidance.

- Open *Menu > Select Student > Student Information > General > Enrollments.* Review the student's following year enrollment at the reporting school and confirm that the grade and enrollment are accurate.

- Open *Menu > Select Student > Student Information > General > Flags.* Review the student's XG flag for the reporting year and following year. Confirm that the student meets the XG criteria before adding or correcting a flag.

- If the XG flag should be present, follow the Adding an XG Flag (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/adding-xg-flag). Do not add an XG flag only to clear the warning.
- If the following year grade level is inaccurate because the end of year promotion or retention was entered incorrectly, follow Retention/Promotion Corrections (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/retentionpromotion-corrections). If a summer decision affects the expected grade level, follow Retentions/Promotions End of Summer (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/summerretentionpromotion) before changing the enrollment.
- Correct source records only when they are inaccurate. If the source records are accurate and XG does not apply, contact the PSU's Exceptional Children's department for guidance.

## Verify the Review or Correction

After correcting a source record, allow the RP Data to refresh overnight. Generate the (NC) Grade Level Retention and Promotion (RP) validation again and review RPC02 to confirm that the results reflect the correction.
