RPC08 - Reporting Outcome Mapping

11/15/2026 11:52 am EST

Summary

RPC08 - Reporting Outcome Mapping lists records where the student's PMR reporting outcome does not match the student's final progression outcome or PMR eligibility.

The final progression outcome describes the student's grade level result. The reporting outcome groups that result for PMR reporting. A student's enrollment based population flag does not, by itself, make the student eligible for PMR reporting.

Severity

Warning

What to Review

Check the student's PMR population status, early leaver flag, final outcome, and reporting outcome.

Report field	What it shows
ReportEndYear	The end year of the reporting school year. For example, 2026 represents 2025-26.
schoolCode, schoolName	The school associated with the record.
studentUID, lastName, firstName	Information used to identify the student.
stateGrade	The student's grade at the reporting school during the reporting year.
pmrPopulationFlag	Shows whether the student is included in the PMR population. 1 means yes; 0 means no.
enrollmentLastDayPopulationFlag	Shows whether the student is included in the enrollment based population at the reporting school's last day. 1 means yes; 0 means no.
genuineEarlyLeaver	Shows whether the student is identified as a genuine early leaver. 1 means yes; 0 means no.

Report field	What it shows
finalReportingOutcomeType	The student's resolved grade level progression result across the available evidence.
reportingOutcome	The outcome used for official reporting, when the student is eligible.
outcomeSource	The type of information used to determine the final outcome, such as end of year (EOY) records, summer records, no show records, or current year enrollment.
outcomeDecisionRule	The rule used to determine the final outcome.
outcomeReviewReason	One or more reasons that may need review. Multiple reasons are separated by semicolons.

For students eligible for PMR reporting, the outcomes map as follows:

Final progression outcome	PMR reporting outcome
Retained or Reclassified	Retained
Continued XG, Promoted, or Graduated	Progressed
Review or Undetermined	Blank; no reporting outcome is published

A student who is not in the PMR population, or who is identified as a genuine early leaver, should not have a PMR reporting outcome. The enrollment based population flag is included for comparison, but it does not determine PMR eligibility.

When **finalReportingOutcomeType** is **Review** or **Undetermined**, a blank **reortingOutcome** is expected. Use **RPC01 - Outcome Review** (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/rpc01-outcome-review) to investigate a progression outcome that still requires review. RPC08 checks whether a reporting outcome is mapped correctly; it does not resolve the underlying outcome.

Recommended Action

Review Eligibility and Outcome Mapping

- Confirm the student, grade level, reporting school, and reporting year shown in RPC08.
- Review **pmrPopulationFlag** and **genuineEarlyLeaver**:
  - If **pmrPopulationFlag** is 1 and **genuineEarlyLeaver** is 0, the student is eligible for the PMR reporting outcome.
  - If **pmrPopulationFlag** is 0 or **genuineEarlyLeaver** is 1, **reportingOutcome** should be blank.
- For a student eligible for PMR reporting, compare **finalReportingOutcomeType** with **reportingOutcome** using the mapping table in **What to Review**.

- Review **outcomeSource**, **outcomeDecisionRule**, and **outcomeReviewReason** to identify which information was used an whether another issue also needs review.

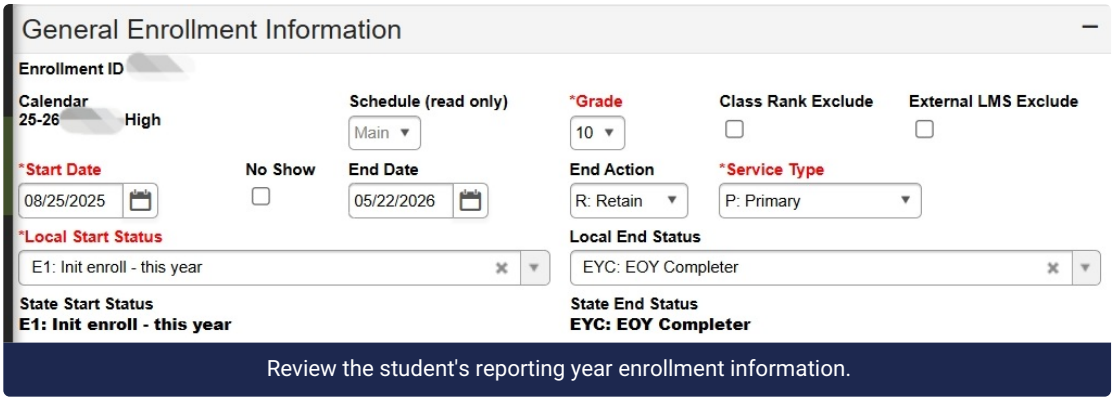

Review the Source Records

- Search for the student and open *Menu > Student Information > General > Enrollments*.
- Locate the enrollment for the reporting school and reporting year. Confirm the school, grade level, **Start Date**, **End Date**, and **End Action**.
- Compare the enrollment information with the student's documented enrollment and grade level progression.
- Use **outcomeSource** and **outcomeDecisionRule** to select the next record to review:
    - **EOY**: Review the reporting year enrollment and End Action.
    - **CY Enrollment**: Review the applicable current year enrollment and Grade Level.
    - **Summer School**: Review the summer enrollment, if used, and the Summer Education program record. Use RPD03 - Summer School Enrollment Detail (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/review-rp-summer-school-enrollment-detail-rpd03) to review summer enrollment information.
    - **Summer No Show**: review the No Show enrollment and resulting enrollment. Use RPD04 - Administrative No Show Detail (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/review-rp-administrative-no-show-detail-rpd04) to review the no show information.

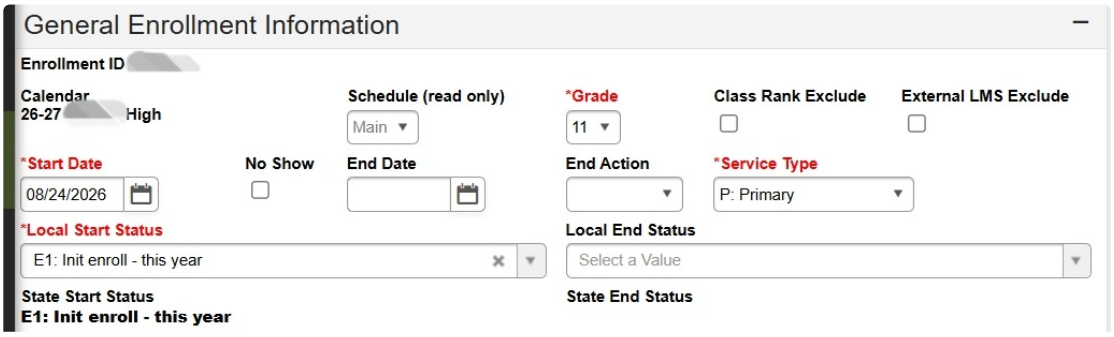

Correct Only Verified Inaccurate Information

- **Incorrect end of year promotion or retention**: Follow Retention/Promotion Corrections (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/retentionpromotion-corrections). This process updates the previous year End Action and the current year grade level.
- **Correct end of year decision that changed over the summer**: Follow Retentions/Promotions End of Summer (https://ncdepartmentofpublicinstruction.knowledgeowl.com/home/summerretentionpromotion). Use the applicable steps for the Summer Education program, future year enrollment, or No Show enrollment.
- **Incorrect reporting year enrollment dates**: Do not change dates already reported for a prior year as part of cleanup. Contact NCDPI for instructions.
- **Incorrect summer or No Show information**: Correct only the inaccurate source record, follow the applicable summer or No Show process.

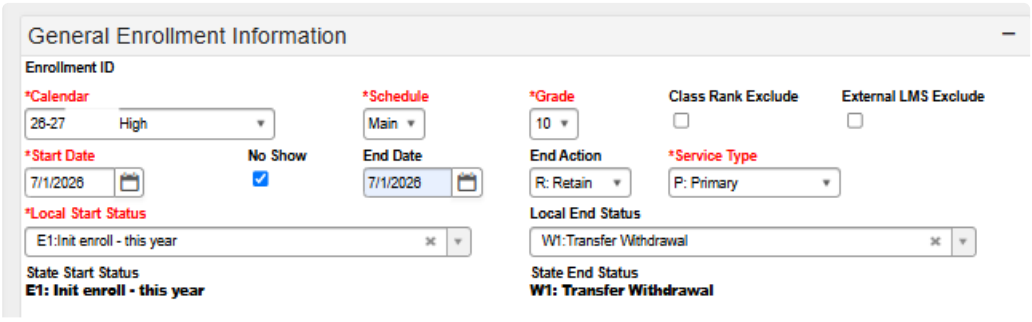

Do not change accurate enrollment dates, End Actions, grade levels, or program records solely to clear RPC08.

Review the student's reporting year enrollment information.

Review the current year enrollment information.

Review the No Show or Summer School enrollment record information.

Verify the Review or Correction

After reviewing the records or completing an approved correction:

- Allow the RP data to refresh overnight.
- Generate the (NC) Grade Level Retention and Promotion (RP) validation again.
- Review RPC08 to confirm the eligibility flags and reporting outcome agree with the mapping rules.
- If RPC08 remains and the source records appear accurate, document the review and contact NCDPI for guidance.
