

Review RP Summer School Detail

11/12/2026 5:33 pm EST

Summary

Use **RPD03 - Summer School Detail** lists students with at least 1 qualifying summer school Enrollment or Summer Education program record for the reporting year. The report displays counts and dates for qualifying summer activity, available summer outcomes, and how summer information relates to the final progression outcome.

A student with only a Summer Education program record may appear in RPD03. Review summerEnrollmentCount and summerProgramCount to see which record types are included.

A student may appear with a summer outcome, a Conflict outcome, or no recognized summer outcome.

Use this report to review the summer records and decisions that may contribute to the student's final progression outcome. Students with only a Summer Education program record may appear even when they do not have a summer Enrollment record.

RPD03 uses the latest dated summer decision. When decisions on the latest date disagree, summerOutcome displays Conflict. Summer activity without a recognized decision may appear with a blank summerOutcome.

Information

What to Review

Compare the summer information in the report with the student's summer records. Review the outcomes and dates and confirm that the information used for the final progression result matches the available records.

Report field	What it shows
ReportEndYear	The end year of the reporting school year. For example, 2026 represents 2025-26.
schoolCode, schoolName	The school associated with the student's reporting year record.
studentUID, lastName, firstName	Information used to identify the student.

Report field	What it shows
stateGrade	The student's grade at the reporting school during the reporting year.
summerRecordCount	Number of qualifying summer evidence records, including Enrollment and Summer Education program records.
summerEnrollmentCount	Number of qualifying summer school Enrollment records.
summerProgramCount	Number of Summer Education program records.
summerStartDate	Earliest start date among the student's qualifying summer activity.
summerEndDate	Latest end date among the student's qualifying summer activity.
summerOutcome	The latest resolved summer decision, when one is available.
summerOutcomeSource	The record type(s) with decisions on the latest summer decision date: Summer Enrollment, Summer Program, or both.
eoyOutcome	The end of year (EOY) administrative outcome: Promoted, Retained, or Reclassified.
finalReportingOutcomeType	The final grade level progression outcome after available evidence is considered.
reportingOutcome	The PMR classification for students included in the PMR progression count. Retained and Reclassified outcomes are reported as Retained. The field is blank when the student is outside the PMR population or is identified as a genuine early leaver.
outcomeSource	The type of information used to determine the final outcome, such as EOY, Summer School, Summer No Show , or current year enrollment.
outcomeDecisionRule	The rule used to determine the final outcome.
outcomeReviewReason	One or more reasons that may need review. Multiple reasons are separated by semicolons.

The source records may show these decisions:

Source record	Value	RP outcome
Summer Enrollment end action	P	Promoted
Summer Enrollment end action	R	Retained
Summer Enrollment end action	D	Reclassified

Source record	Value	RP outcome
Summer Enrollment end status	W6	Graduated
Summer Education program exit status	SPR	Promoted
Summer Education program exit status	SRN	Retained
Summer Education program exit status	SGR	Graduated

RPD03 does not display the individual decision dates. Open the source records to compare their dates and decisions. A Conflict means that different decisions share the latest decision date; it does not show which record is incorrect. Correct a source record only when its information is inaccurate.

If the source records accurately reflect the student's records but the outcomes conflict, do not change a record only to clear the conflict. RPD03 - Summer School Detail used to review summer activity and outcomes.

Recommended Actions

- Confirm the student, reporting year school, and grade.
- Compare summerEnrollmentCount, summerProgramCount to see which types of summer records are included.
- Review summerOutcome and summerOutcomeSource.
  - If summerOutcome is blank, summer activity was found but not recognized summer decision was available.
  - If summerOutcome is Conflict, compare the dates and decisions on the source records.
- Review the source records:
  - For summer Enrollment, open *Student Information > General > Enrollments* and review the applicable summer enrollment record, End Action, End Status and dates.
  - For Summer Education program, open *Student Information > State Programs > Summer Education* and review the applicable program's Exit Status and dates.
- Compare the summer outcome with eoyOutcome, noShowOutcome, cyGradeOutcome, and finalReportingOutcomeType. Use outcomeSource and outcomeDecisionRule to understand which information determined the final outcome.
- Correct a source record only when it does not reflect the student's verified record or decision. Do not change an

accurate record only to remove a Conflict.

If the Summer Enrollment End Action is incorrect

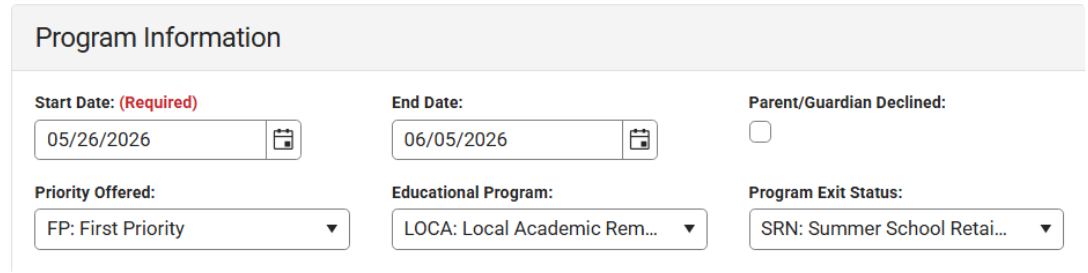

- Open *Student Information > General > Enrollments*.
- Open the student's record and locate the summer enrollment record that matches the dates and programs shown in the report.
- Confirm that the record is the correct summer enrollment.
- If the **End Action** does not accurately reflect the student's record, select the correct value.
- Select **Save**.

Compare the Enrollment End Action with the student's verified summer school outcome. Update the End Action only when it is inaccurate.

If the Summer Education program Exit Status is Incorrect

- Open *Student Information > State Programs > Summer Education*.
- Open the Summer Education program that matches the dates shown in the report.
- Confirm that the program record is the correct one.
- If the **Exit Status** does not accurately reflect the student's record, select the correct value.
- Select **Save**.

Compare the program Exit Status with the student's verified summer outcome. Update the Exit Status only when it is inaccurate.

If **summerOutcome** is blank, the report may include summer activity without a recognized outcome. Review the End Action on the Enrollment and the Exit Status on the Summer Education program. A blank outcome alone does not

mean a record is incorrect.

Verify the Review or Correction

After reviewing the record or correcting inaccurate source information:

- Allow the RP data to refresh overnight.
- Run the RP data validations again.
- Review RPD03 to confirm that the summer information and outcomes reflect the updated source records.
